

DOORCO
COLOUR SELECTOR

Welcome to the World of Colour...

DOORCO's collection of stunning shades and finishes that have been specifically developed for the composite door market.

Using the most advanced paint technologies in partnership with the UK's leading paint manufacturers, combined with state of the art application and drying facilities, DOORCO's coloured doors are manufactured to stand the test of time.

Whether a traditional grained appearance or a stunning contemporary smooth finish, our paints and coatings are specially formulated and applied for authenticity that lasts.

The Science Behind the Paint

Gloss Levels: The colours in the DOORCO swatches have been carefully prepared at the recommended gloss levels which are semi-matt (20% sheen), satin (50% sheen) and semi-gloss (60% sheen).

Complementing Renolit Foiled Frames: Certain colours have been developed to complement the industry standard foiled finishes from Renolit that are used to manufacture the PVC frames around the doors. Due to the different grain definitions on foiled frames and GRP composite door skins, some colours may look slightly different in certain light conditions.

Care and Maintenance: DOORCO colours are created using a highly durable, hard wearing paint system that has been specifically formulated for use on GRP composite doors. But like any paint surface, damage can occur. The door leaf should only be cleaned using warm water or non-aggressive composite door wipes. No solvent-based product or abrasives should be used as these will damage the surface of the skin.

Any RAL colour is available from DOORCO as a special order. Shown here are the most requested colours as an example.

DOORCO also offer other popular paint types such as BS, Dulux or Farrow and Ball.

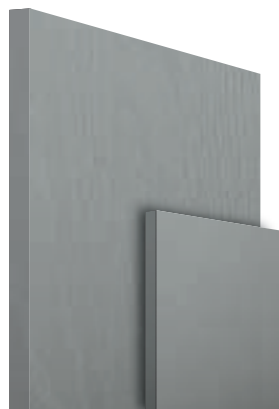

RAL 9016 (Traffic White)

RAL 6005 (Moss Green)

RAL 7035 (Light Grey)

RAL 7042 (Traffic Grey)

RAL 7012 (Basalt Grey)

RAL 9011 (Graphite Black)

RAL 9005 (Jet Black)

Ask for It by Name!

To help fire imagination, get the perfect match for existing windows, roofline or garages and ensure the exact colour is chosen, DOORCO colour swatches are available.

Due to the bespoke and complex nature of the paint formulas DOORCO uses, we are unable to provide RAL numbers for the premium colours. So to make it easier, we've invested heavily in colour swatches so exact colours can identified by name. Ask for your DOORCO colour swatch today.

Door colours shown in this brochure should be used for guidance only. We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to our paint when applied to the doors. Due to the nature of the product it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version and we do not accept any liability for this for whatever reason.

To ensure that you are getting the right colour on your door, ask for your DOORCO colour swatch today.
